CCH'S DATA

The CCHs are a highly workable set of Processes starting with Control, going to Communication and leading to Havingness, in that order. The CCHs are auditing specifically aimed at and using all the parts of the Two Way Comm Formula.

CONTROL is the first action of the CCHs and is highlighted by being done Tone 40 for the first two CCHs (CCH 1 and CCH 2).

The reason for Control being the main point is simply to bring about an awareness of Terminals to which communication will be possible; this is done by A. bringing to the PC's awareness that his body and he are being controlled from a particular KNOWN SOURCE POINT and B. that he also is a Source Point of Control with Control over self and body, all of which is accomplished with CCH 1.

I.e. Awareness of two known terminals:

Once the above has been done with CCH 1, the gains can be developed further with CCH 2 by finding for the PC more known points (environment) and familiarity in this "new" environment plus the beginnings of the next major step forward in this development of Communication, the awareness of distance, i.e.:

COMMUNICATION (CCH3) is the next major step forward in the rehabilitation of your PC. Tone 40 is used in the next step but only on the motion. Communication is encouraged. The type of Communication practised by the actual auditing actions is that of "one way communication" i.e. Cause-distance-effect with intention, attention, duplication and *understanding*, plus the first glimmerings of cause being given to the PC by A. receiving PC's Comm and then getting the PC to get the idea of contributing to the motion. In this section you are also going to B. develop the PC's ability to reach by showing him it is safe to reach across a distance (hand contact mimicry) and then reduce his dependency on MEST and increase his reach even more (hand space mimicry). I.e.:

As an added bonus to the above you are also on the beginning step of Havingness (Duplication) as you will be teaching the person to duplicate as a being in two way communication and not as a body with reference to body Right and body Left.

HAVINGNESS is the final step in this portion of the CCH formula (full formula CCHCACTCH where A = attention (control) T = Thinkingness (control)). This step of CCH 4 is the final culmination point which restores the PC's ability to be in good two way communication with a high level of Havingness. By the use of Duplication, the full Two Way Communication Formula is practised in a physical manner with the result that you will have travelled a very very steep case gain from No Comm as a Thetan to full Two Way Communication as a Thetan with lots of Havingness.

I.e. The emanation of an impulse or particle (Book and Motion) from Source Point across a distance to Receipt Point with the intention of bringing about at Receipt Point a Duplication *and understanding* of that which emanated from the Source Point, with Receipt Point then becoming the Source Point back across the distance to the Source Point which has now become the Receipt Point with intention, attention, duplication *and understanding*.

receipt point has become the source point). However, to tell the PC to do it mirror-image-wise is absolutely wrong as such a direction will prevent the PC from looking and put him on a self-audit.

6. Not being sure of a CCH flat point.

ANS. Flat Point = 3 cycles with no change in Comm Lag, no physically observed change and the PC doing it.

7. Imprecise Body movements of Auditor on CCH 2.

ANS. Auditor on right side of PC (PC on Auditor's left) with Auditor slightly in front of PC except on "Turn around" - see diagram.

The change of position is achieved by moving the left leg one pace to the left and forward in each case.
