H.TS. NOT WEARING

The formula for Treason is very correctly and factually
"Know THAT you are."

It will be found, gruesomely enough, that a person who
accepts a post or position and then doesn't function as it
will inevitably upset or destroy some portion of an org.

By not knowing that he is the _____ (post name)
he is committing treason in fact.

The results of this can be found in history. A failure
to be what one has the post or position name of will result
in a betrayal of the functions and purposes of a group.

Almost all organizational upsets stem from this one fact:

A person in a group who having accepted a post, does
not know THAT he is a certain assigned or designated beingness
is in TREASON against the group.
