HCO PROCESSING BULLETIN OF JUNE 10, 1957

What to tell new HGC Auditors to
Process on Preclears

When a new auditor is taken on at HGC we do not

- (1) Train him while he is processing his first preclear.
- (2) Tell him what process to run.
- (3) Add to his already tense confusion of being on staff by unstabilizing all his stable auditing data, too.

We Do this:

- (1) We ask him what process he has the greatest certainty on.
- (2) We tell him to audit the pc with that process and no other.
- (3) If he has certainty on several we have him select one best suited to pc and have him use that.

Then we train up the new staff auditor by auditor's conferences and HCO Board of Review at a leisurely pace.

STABLE DATUM:

It will be found that any auditor using a process on which he has high reality will obtain high results with a pc using that process.
