AN OBJECTIVE RUNDOWN

(Note: The original issue from which this HCOB was taken was not titled "Objectives" but "Intensive Processes for Use in Operation Clear and Operation Staff Clear". The original was unsigned. It was a Confidential staff only issue. When converted to an HCOB, the title was changed erroneously to "Objectives." A corrected list of Objectives is therefore published below. Additionally, the original issue omitted two or three key objective processes and put recall (subjective) processes in their place, thus messing up ARC Straight Wire.)

OBJECTIVE: (Dictionary Definition) "Of or having to do with a material object as distinguished from a mental concept, idea or belief." Means here and now objects in PT. As opposed to "Subjective".

SUBJECTIVE: (Dictionary Definition 2nd meaning) "Proceeding from or taking place in an individual's mind."

Look around or physical contact processes are obviously "Objective". Recall, think, remember or return on the time track processes are obviously Subjective.

Pcs who have been on drugs obviously have to be run on Objective, not Subjective processes.

Anyone can be brought more into present time with Objective processes.

Objectives are vital in assists and other areas of processing.

Here is a list of workable objective processes:

0.   "Look at me who am I?"

1.   CCH 0

2.   CCH 1

3.   CCH 2

4.   CCH 3

5.   CCH 4

6.   CCH 1 to 4 repeat as indicated.

7.   Locational ("Look at that object") can be used as indicated. To end sessions or even to bridge from one process to another.

8.   The following three must be run 1 command each consecutively over and over:

     (a) "Look around here and find something really real to you."

     (b) "Look around here and find something you could go into communication with."

     (c) "Look around here and find something you would really like."

9.   The following three are run several times for the 1st, fewer for the 2nd, fewer for the 3rd. And then repeated (Trio).

     (a) "Look around here and tell me what you could have."

     (b) "Look around here and tell me what you would permit to remain in place."

     (c) "Look around here and tell me with what you could dispense."

10.   Op Pro by Dup to Exterior.

     (If pc exteriorises a Dn C/S 1 and an Interiorization RD (flawless) should follow.)

     The first 10 steps above could be called an Objective Rundown.

     Note that this does not include many other objective processes, many versions of havingness.

     But the above would accomplish a great deal for the pc IF DONE CORRECTLY WITH FLAWLESS TRs!

     And it would accomplish the general intent of the 1957 RD.
