HCO BULLETIN

To: All Training Activities

Vital Training Data for Training Hats and Registrar.

Students in the Academy are auditors. They are not preclears. Emphasis is on auditors, not pcs.

The goal of the Academy is to produce auditors of such quality that we would be willing to hire them in the HGC. We don't graduate those we wouldn't.

Training staff can refuse a student at any time on grounds of inadequate financial arrangements. In which event the student applicant is returned to Registrar.

The Academy is not a clinic and concerns about cases belong to the HGC and are so referred.
