

HUBBARD COMMUNICATIONS OFFICE  
37 Fitzroy St. London W.1

HCO BULLETIN OF MAY 8, 1959

AN UNDO-ABLE COMMAND

There are a very few commands that cannot be done. One of these is "Find an unknown" (1954).

I have just found another one:

"Invent an other-determinism".

Perhaps if it could be run, as Jan Halpern commented, it would be a one shot clear.

L. RON HUBBARD
