CenOcon                      H.C.O. BULLETIN OF JULY 17, 1959  
  (Reissue, from London)

AFRICA OVER THE TOP

A cable from Jack Parkhouse tells us that HASI South Africa has topped one thousand pounds for one week's income without special events for the first time.

H.C.O. franchises are also doing very well.

As South Africa has a white population of only 2.8 million of thereabouts, you can see that every other central organization in the world has been out-created.
