HCO BULLETIN OF 27 MAY 1960

Issue II

Re-issued from Sthil

BPI
MA (not a lead
article
but a 2nd place)

Dear Scientist:

For a long ten years I have had to wear many hats. Amongst them is an Ethics hat by which I have had to protect, often with small support, the good name and standards of conduct of Dianetics and Scientology.

To say the least the hat and necessary actions of counter-attack and defense have been distasteful to me. And in this regard, I humbly ask your help.

We have the answers today as to the why of "squirrels". We know the reason for their overts against Dianetics and Scientology. Technically, with overt-withhold and the phenomena of help we not only understand them but can straighten out their insecurity and hates to their own benefit.

Could you help me in this? It must be evident by now after ten long years that if there were any twist or untruth, betrayal or insincerity intended by me or organisational people, we long since would have passed away. The rumours that are put out by unbalanced people achieve only harder work for me and for good people everywhere.

In ten consistent years you should have proof enough that I'll stay at my post and do my job and overcome barriers, technical or administrative, organisational and field, somehow.

I dislike punishments and quarrels and enttheta as much as any of you. Sometimes I haven't handled these things well, but I have tried to do my job as best I could here on a muddy earth.

Today nothing can destroy us or our works. I have no fear for our future and I know what we can do. Available to your hands is the technology necessary to handle rumour mongers, unethical persons and enturbulators. You can help me by handling them and getting them to good auditors, preferably an HGC, and preventing them from upsetting others and our task. Winning is so easy now, success is in our very grasp.

What failure do you think I feel when I am asked to cancel a certificate? With all the wealth of truth before him, someone avails himself or herself of no part of it and with a glass of water held in hand, dies of thirst.

Yet some of this burden lies with you. When an auditor forgets his personal auditing, and audits without being clear, why does the field permit him to crack up? Why haven't his friends and associates thought enough of him to force him to get processing from a reliable source? Why do they wait for him, overworked already, to emerge from the tangle of some emotional crisis utterly unstrung and hating everything, before they offer processing?

Clearing the executives, the auditors, the people of Scientology is your job now. When you hear somebody "going bad", running away and raving against us all, don't harbor him and sympathize—you'll kill him. Make him go to the nearest HGC or an auditor with altitude over him and get his overts off and his ability to help increased.

There are thousands of auditors across the world. Few of them are clear. Once or twice a year amongst all these one of them turns upon us. Rumours fly. People wonder. Eyebrows raise. Why? In a few years they'll be clear. We've just begun the project. Right now they are not. Instead of standing around blinking, wondering even believing such wild tales, why aren't you being effective? The person doing bad and untrue things needs assistance. The least you can do is drive or force him to an HGC where supervised auditing (and not patty-cake) will straighten the person out and make life bright again.

My lines are heavy. My days are long. To these should we also add my Ethics hat?

A breakthrough has happened here in 1960's spring bigger even than O/W. We're clearing people fast in HGCs. It just began to happen. But it isn't happening to auditors in the field yet and it won't for quite some while. Meanwhile must I go on and act to minimize the damage being done by people not only not yet clear but heavily caved-in?

You could help me by pressing these people in toward auditing, by understanding the why of their rumours and hates and getting them processed. And you can help by insisting that "names" in Scientology get processed regularly by competent auditors in an HGC (not by some "friend" who'll patty-cake) until they're really cleared. I myself have had scores of hours of processing since last fall. If I could be clearer than I am, what's that make the case of other Scientologists?

You could lighten my lines, and my heart, if you'd share this burden even a little bit. Hold the field together until they are all clear.

Now, certain you will help in this and let me get on to wider work, I wish to celebrate the occasion of HGCs, using new technology, beginning to make clears again, by announcing the complete and unqualified restoration of all certificates and awards ever cancelled since 1950. They're all in force again. Let's get on with our job.
