HCO BULLETIN OF NOVEMBER 23, 1961

3D list  
Sthil Students

AUXILIARY PRE-HAVE 3D SCALE

For immediate assessment use on running 3D terminals. Do NOT use early scales for 3D assessment.

If you run out of levels, use secondary scales or Hartrampf's Vocabularies.

Do not abandon search for a level if the TA is high.

always run a level to a stuck TA and needle. Never overrun a stuck TA by more than 20 minutes.

Do not leave a level that still shows TA action and needle movement. Do not consider the twitching of the otherwise motionless needle, when 3D items or the level is mentioned, a still moving needle.

Later in runs after many levels flat, when TA will no longer stick (or move) on levels, still look for a new level that will produce TA motion.
