DYNAMIC ASSESSMENT BY ROCK SLAM
(Second addition to HCO Bulletin of August 22, 1962, same title)

If a routine Dynamic Assessment by Rock Slam fails, the preclear should be prechecked on "On Auditing is there anything you have suppressed?" etc.

Then the preclear can be listed on "What isn't a part of the Dynamics?" and "What part of life have you regretted?"

Completing and assessing these lists, will give you the Dynamic.
