HCO BULLETIN OF NOVEMBER 29, AD12

ROUTINES 2-12, 3-21 and 3GAXX
TIGER DRILL
for
NULLING BY MID RUDS.

(Replaces HCO BULLETIN August 21, AD12)

(Note: In an actual session, in addition to Model Session script, only the words below are used. No additive words or departures are necessary except to clean up a constant dirty needle with session Mid Ruds if that misfortune occurs. And use session mid ruds only when you can't go on otherwise.

Drill on New Nulling Procedures

Position for this drill is the usual auditor-coach position. The coach only has the drill form and follows it exactly until the student auditor has each example down perfectly. When the student auditor and the coach have these drills down exactly, then the coach can give different reads and different goals for the student auditor to work on, the only caution being that the goals selected be those which would be most unlikely on anyone's goals list. The goal used in this drill is: TO BE A TIGER. On the drills below "A" is for auditor: "C" is for coach. Student and Coach use only the words in the drill except when student errs at which coach says "Flunk!" and "Start," at which student starts at the beginning.

Use of Tiger Drill - This drill is used in Routine 2-12 to sort out the last 3 or 4 items left in on each nulling. It is used in Routine 3-21 to nul the goals list and on the last 3 or 4 Items left in. In 3GAXX it is used on the last 3 or 4 Items left in and on any Goals list. This is the Small Tiger Drill. It is however simply called the Tiger Drill. Big Tiger is always called Big Tiger.

Buttons used: Only the following buttons are used in Small Tiger: Suppressed, Invalidated, Suggested, failed to reveal and Mistake.

Big Tiger is the same drill except that it additionally uses Nearly found out, Protest, Anxious about and Careful of. One shifts to Big Tiger when making sure of the last Item in on the list or a goal that fires strongly.

Tiger and Big Tiger compare in buttons used to Mid Ruds and Big Mid Ruds.

Acks - These are used to complete and end a whole Drill Cycle.   They can be used during
the Drill if pc needs them, but only if pc needs them.   Its better to use the Drill as is.
Suppress - Suppress is not used repetitively in Tiger Drilling, only in Mid Ruds and
Prepchecking.
"Do you agree that that is clean" - This is not used.
"I will check that on the meter" - This is not used.
After doing Suppress always check the Goal.
If the pc has a tendency to lose sight of the goal on a long run you can always change,
for a command, the wording to "On the goal To be a tiger has anything been _____?"
