HCO BULLETIN OF DECEMBER 9, AD12

ROUTINE 2-12

LIST ONE

ADD TO LIST ONE ISSUE THREE

(HCO Bulletin December 4, AD12)

Correction: Auditor's name at end of second column is part of second column and is used in assessment.

DIRECTIONS: If anything has ever Rockslammed on List One itself it must be opposed even if it doesn't Rockslam now. The data of all observations and security checks is used to find if anything Rockslammed. The case will give dead horses if a Rockslamming Item is by-passed. Cases that give dead horses on R2-12 had a Rockslamming Item on List One that was never opposed. On cases that have been giving lists on which no RSs occur, Tiger Drill List One until you get an RS on any button or pain or sensation on any Item and just oppose it.

After a List One Item has been represented always check it again to see if it now is Rockslamming. If so, do an opposition list to it in accordance to whether it gave pn or sen.

Add these additional Items to List One Issue 3:
