HCO BULLETIN OF MARCH 13, 1963

URGENT

ROUTINES 2 & 3M

ADDITIONAL CORRECTION TO 3M STEPS 13, 14

(This corrects HCO B February 22, 1963 and HCO B March 9, 1963.
It is VITAL to correct.)

HCO B March 9, AD13 Page 2. Third paragraph from the top: Delete paragraph and substitute this paragraph:

NOW READ THE PC'S GOAL THREE TIMES, CAREFULLY NOTICING WHETHER IT RRs OR RSeS ONCE OUT OF THREE OR NOT OR IF IT TICKS OR FALLS. If the pc's old goal only ticks or falls and the RR or RS has vanished, then you have passed THE ROCKET FIRING BLOWDOWN. When the goal ceases to RR or RS you have only 5 or 6 or at the most 8 RIs to go before free needle occurs on that goal. Keep finding RIs so long as you can make the goal tick or fall with Tiger Drill. The moment the goal ceases to react with a tick or fall do this:
