On Page 2, 3rd and 4th Steps at the bottom, read instead:

Instead of 4. Leave the lowest (1st bottom) etc.

4. List with a written list "Who or what or what goal would 'To                     ' (goal of the GPM just run) oppose"? List 50 Items beyond the last RR or RS. Leave this list not nulled, but be sure it is completely listed.

Correction HCO B 23rd April, 1963, Page 3 - 13th Step - Read as follows:

Instead of 13. Reach eventually the first goal etc.:

13. Reach eventually the first goal ever found on the pc but not handled. Null the goal oppose list left unnullled in Step 4. Find the next lower goal on it.
