ROUTINE R3R
ENGRAM RUNNING BY CHAINS

(Taken from HCO Bulletin of July 5, AD 13 --
ALL ROUTINES)

In all engram running sessions, and those combined with 3N in that
session, use the following list.

Prefix each question with "In this session have---" in event of an
ARC Break or at session end. For R2H where an ARC Break is dis-
covered in an earlier engram running session (clear back to 1950),
prefix with "In that session had the auditor---" and omit "I" and
"we".

LIST L - 3

I found an incorrect date?
I found an incorrect duration?
I demanded more than you could see?
two or more engrams been found on the same date?
you skidded to another incident?
we moved to another chain?
we gotten to a goals implant?
we scanned through a GPM?
we restimulated an earlier incident?
we restimulated an earlier implant?
we restimulated an earlier ARC Break on engrams?
we failed to find the real beginning of the incident?
we by-passed important data?
we skipped an incident?
two or more incidents been confused?
I missed a withold on you?
we left an incident too heavily charged?
we scanned through one or more series of goal implants?
we abandoned a chain?
we abandoned an incident?
I prevented you from running an incident?
I changed processes on you?

(Note: Do NOT use any BMR buttons during engram running or add
overts to this list as they will "mush" engrams).
