CLASS III AND UP  
CLASS VII CHECK SHEET

CLEAR AND OT BEHAVIOUR

We all know all the attributes of Clear and Operating Thetans.

In the history of this universe there has never been a true Clear or true OT.

Every Clear ever encountered in this universe was a Keyed out Clear—a Release. He still had all his bank, GPMs and engrams. They were simply keyed out and not influencing him.

We have known that for some time. But here is a new one.

Every Operating Thetan in the history of this universe was only a KEYED OUT-OT!

This is startling. It accounts for the wild conduct of some OTs. They still had a complete bank, (all their GPMs and engrams, secondaries, the lot). This bank could be restimulated causing them to indulge in bad conduct. When it was restimulated too much they suddenly ceased to be OT and became powerless and human or animal.

Thus there has not only never been a real Clear in this universe, also there has never been a real Operating Thetan! Every one contacted on the track or history had an R6 bank, momentarily keyed out.

This is then the Roller Coaster effect one encounters in one's own history—OT—aberree—Clear—aberree—OT—aberree, etc, depending on *accidental* key outs and key ins of the bank.

We are for the first time in the history of the universe making *real* Clears and *real* OTs, no bank.

You may accidentally make a keyed-out-OT as well as a Release.

And if you *don't* go on auditing even in that session he or she will stay that way.

I have good subjective reality on making keyed-out Clear and keyed-out OT in auditing. And also on being overrun.

Auditors must be trying for a *result* not a number of hours. Then they'll see some of these phenomena.

The trick is *stopping* when the result is obtained!

It can be fatal even to conclude the session in which keyed out Clear (Release) or keyed out OT were attained. Just say "Oh! That's it!" And STOP. This is true for *all* attainable phenomena, even getting well. An overrun brings it back.
