HCO BULLETIN OF 19 AUGUST 1965

Clarification of HCO Bulletin  
3 July 1965 -

MODEL SESSION REVISED

Pertaining to Level 0 training, whereas the student is to use a meter in order to familiarize himself with it and with using it in a session, he is not trained in the fine points of metering until Level II. Therefore during the training of Level 0 the Model Session as per HCO B 3 July 1965 is to be used, but the questions are actually unmetered (the student does not follow up needle reads), except for the fact that the student has a meter in front of him.

Any auditor from Class II up would, of course, meter such questions in running Level 0 processes on a preclear.

At Level 0 the student MUST know the parts of the meter and be able to recognize a floating needle and be able to record tone arm action.
