

- (a) When the attention of the thetan is directed broadly in the direction of such a track record the current increases.
- (b) When the attention is more closely (but not forcefully) and accurately directed, the current is discharged.
- (c) When the basic on the chain is found and erased, that which composes the poles themselves is erased and later incidents eased, for no further generation is possible by that chain and it becomes incapable of producing further charge to be restimulated. The above are the actions which occur during auditing. If these actions do not occur despite auditing, then there is no case betterment, so it is the auditor's responsibility to make sure they do occur.

Engram running is a step necessary to get at the more fundamental causes of a Time Track and handle them.

So it is a skill which must be done and done well.

EXTRACTS FROM HCO BULLETIN 3 APRIL 1966

There is real magic in running secondaries and engrams. I have seen the most fantastic recoveries from running merely a secondary (most spectacular recoveries with secondaries were obtained from running the death of an ally). I have seen severe physical ailments - Heart disease, arthritis, malfunction, allergies, impotency, frigidity, lameness, etc. through the catalogue of human ills - vanish or reduce on properly running engrams to erasure. We are not in healing but we have a fantastic success with Dianetics in this activity.

No auditor will ever be worth very much unless he has come in the right way - through Dianetics. The concept of physical and mental difficulty stemming from a mental image picture was a great discovery and the technology of erasing such pictures as developed must not be lost in our trained Scientologists. This very instant I know of 3 cases with whom I am in daily contact whose whole lives would be changed by finding and running the incident necessary to solve the case. I have seen a woman who looked 60 appear 20 after 9 hours of auditing out a single secondary (the recent death of her husband).

When we originally tried to teach this technology (running of secondaries and engrams, 1950-1952) we had no Ethics, we were at that time already drowned with SPs. Auditors weren't duplicating tech. They often couldn't even state the basic definitions of "Secondary" or "engram". They steered the pc all over the track or let him wander like a lost soul. They tried to force the pc to run the auditor's aberrations. And it was a jolly old mess! But those few I taught personally and simply had, as any old timer will tell you, the most fantastic successes with incredibly low effort by the auditor:

It's just a picture, secondary or engram. The whole of the technique is just finding the incident the pc is "in", running the pc through the incident, beginning to end, several times and not letting him digress and letting him come up the tone scale past boredom to enthusiasm by doing so. When I think of the millions of words I have had to speak or write just to get that terrible simplicity across.

I see it can be bent as technology in a thousand thousand ways.

"Dianetics the Modern Science of Mental Health" was written before whole track was known. It made releases like mad but they were then overrun like mad. It failed only on SPs and PTSs. It was and is the answer to psycho-somatic ills and human aberration.

My results with Dianetics were not often duplicated because:

1. I stopped when the ability of the pc on any one subject was regained.
2. I audited smoothly.
3. I didn't use the subject to invalidate the pc (see Original Thesis on why auditing works).

Many auditors did duplicate my results and made "clears" which we now call releases due to total Clear being so much higher.

That we are today making a TOTAL Clear as well as Operating Thetans is completely out of comparison with what Dianetics was trying to do.

Scientology is the route from human being to total freedom and total beingness. Dianetics was the route from aberrated or aberrated and ill human to capable human. This step had never before been achieved in Man's History:

Oddly, the step from human being to a spirit had been achieved, if rarely, but was not generally credited (Buddhism, other spiritual practices, even Christianity). Scientology really achieves it and for the first time with TOTAL stability, no relapse and invariably one for one. Nevertheless Man had an inkling of the goals of Scientology even though he considered them almost beyond God.

But Man had no inkling whatever of Dianetics. None. This was the bolt from the blue. Man was hacking and sawing and shocking and injecting and teaching and moralizing and counselling and hanging and jailing men with enthusiasm without any idea at all of what caused Man to behave as he did or what made him sick or well.

THE answer was and still is Dianetics.

The ORIGINAL version of Dianetic auditing was all done on a gradient. One searched nothing out by meters or trick questions or tests or flash answers. One got what the pc could comfortably face and audited it. If the auditing was smoothly done, the next incident was tougher but the pc was comfortable in facing it. In that way the incidents (secondaries or engrams) become progressively more horrifying but the pc is quite comfortable facing each in turn. This is what is meant by "gradient" - it is a steepening of an increasing from the slight to the heavy. But you see the pc smoothly audited is gaining ability and confidence all the time and so can face more and more violence in his past. It's all there in pictures.

Dianetics is too easy, really, for the student to conceive that his minimum mild actions will produce such fabulous results. So the auditor feels called upon to add. Additives are what checked old Dianetic results in the vast majority of cases that were checked.

Past life incidents are handled just like any other secondaries and engrams, a "past life" and memory of it is buried under the terrific loss of possessions and body and natural recall can be restored by just general Dianetic auditing as given. No special attention is required.

Do not demand and run prenatal or birth engrams unless they come up naturally on R-3-R. WHAT COMES UP IS WHAT COMES UP.
