DEAR RON.
Auton request cable this info.
9.3.66
① orig sec NW
② ES comm
from Acting Qual Sec

Its with greatest joy and happiness I have to report to you that John McMaster has passed The Clear Check and no doubt exists that he has erased his bank completely and its gone.

There is no meter reaction at all, meter tested before check by D/Review, TA at 3.0 floated down to 2.8 on request he move the needle by postulate.

Further tests, no reactivity and no bank. His presence

in the environment brings about
a calmness and safety.

~~He~~ He looks excellent.

His declaration as Clear
has been issued by Certs and
Awards and this has found
complete acceptance and agree-
ment and a great raising
up of ~~the~~ spirits at
Saint Hill.

Thank you for the
honor and privilege of
checking out the first
Clear.

Love

L. Ron Hubbard
