REHAB ON SELF ANALYSIS

The following letter is of importance on rehab of pcs run on Straight Wire or Self Analysis:

“Dear Ron,

The following is an account of rehabbing an ARC Straight Wire Release; the info may be of use to other auditors.

I got a read on PC being Release on “Book of Self Analysis” which several people had run on her. I checked on meter if PC had “Gone Release on (Name of Process).” “Can you recall a time when? (on General Incidents).” (List 1 in Book of Self Analysis.)

“Did you go Release on ‘Can you recall an incident which happened on Time Orientation?’ ” (List 2 in Book of Self Analysis.)

“Did you go Release on ‘Can you recall a time when? (On Orientation of Senses).’ ” (List 3 in Book of Self Analysis) etc.

PC had 6 of the Processes she had been Release on. I then dated the release points, all over a period of 2 years, then put Rehab steps in on each time until needle floated.

PC ended shining. I hope this will help other auditors rehabbing this level.

Very best,

Ron Pook.

P.S. Auditors need the book of Self Analysis with them when doing Rehabs at ARC Straight Wire level.”
