Remimeo Class VIII HCO BULLETIN OF 10 SEPTEMBER 1968-1 ADDITION OF 28 FEBRUARY 1975

(This is an amendment of HCOB 10 Sept 68 "Green Form, S & D, Remedy B". NOTE: Original HCOB 10 Sept 68 is changed in distribution to Solo C/S Crse and is not cancelled as it contains vital data for the Solo C/S.)

GREEN FORM, S & D

It was found in C/Supervising aboard the RSM that the following additives had been entered and are not altogether correct.

(1) "Green Form to Free Needle". Not necessarily correct. It may or may not. Each item on the Green Form is independent of the rest. However it can be a serious blunder to continue a GF past an F/N. I have seen TAs then rise.

The only time you would ever do this - (go past an F/N on a Green Form) would be when GIs were not in and the pc still felt he was in trouble. In this case the F/N is probably an ARC Brk needle and an ARC Break should be checked.

(2) "S & Ds to F/N" (WSU). Not necessarily true. You stop as per listing rules.
