HCO BULLETIN OF 14 OCTOBER 1968
ISSUE II

Remimeo

The definition of Recall as given in the Scientology Dictionary is incorrect.

Recall means just that. It is for present time remembering something that happened in the past. It is not re-experiencing it, re-living it or re-running it.

Recall does not mean going back to when it happened. It simply means that you are in present time, thinking of, remembering, putting your attention on something that happened in the past - all done from PRESENT TIME.

Returning is the word used to go back and re-experience an incident.
