HCO BULLETIN OF 11 MAY 1969

REVISED 12 OCTOBER 1969

Issue 11

Forcing a PC

Forcing a pc to go on being audited when the pc is refusing or not wishing to go on upsets the pc and his case and will often result in low TA (below 2) and will give the pc a heavy loss.

There is no excuse for it.

It invalidates the pc's cause.

The correct action is to either find out why he doesn't want to go on or send the pc to a Scientology Review.
