(This HCOB was converted to a BTB on 27 July 74.  
It should not have been made a BTB as it was  
actually LRH technical data. It is hereby  
updated and reissued as an HCOB, and BTB  
7 June 69, same title, is canceled.)

HOW TO MAKE A PERSON SOBER

There is an interesting piece of tech developed and used  
many years ago, but not previously written up. It is the use  
of Locational Havingness to make a person sober.

This process is not used to cure a person of alcoholism.  
The development of Prior Assessment in New Era Dianetics  
(HCOB 19 May 69RB, DRUG AND ALCOHOL CASES PRIOR ASSESSING) can  
handle the conditions that caused a person to be alcoholic.

The use of Locational Havingness can make a drunk person  
sober in a very few minutes and the cause of his need for  
alcohol can be audited out later. As society currently has no  
technology for handling the drunk, who is an embarrassment to  
the police, his family and often to himself, this process has  
social value and may serve as a line of cooperation and  
assistance to the police.

The Locational Havingness process is simply the command  
"Look at that \_\_\_\_\_ (room object)". Use very good TR 0. A  
drunk is usually considered somewhat unfrontable and he  
himself certainly cannot confront. One thing he cannot confront  
is an empty glass. He always refills it if it is empty.

Repeat the command, each time pointing out a room object,  
as often as required to bring the person to sobriety. Do not  
Q&A with the frequent comment "What object?" Just get the  
command carried out, acknowledge and give the next command.

DO NOT EVER GET ANGRY WITH OR STRIKE A DRUNK, WHATEVER  
THE PROVOCATION.

We are not particularly in the business of handling the  
drunk. But we are in the field of helping our fellow men. In  
a society where the only alternative is a night in the clink  
and a fine, which is not desired by either the police or the  
intoxicated person, we can assist both and handle the situation  
in a matter of minutes. The case can be fully handled later  
with the Purification Rundown and Drug Rundown auditing with  
excellent lasting results, if the person wishes it on his own  
determinism.
