HCO BULLETIN OF 10 JULY 1969
ISSUE III

FORMER THERAPIES AND EARLIER PRACTICES

(Amends HCOB 12 June 1969 7 CSE R-3-R Setup)

When Former Therapies or Earlier Practices are assessed on 'Seven Resistive Cases' they are handled by 3-way recall (each to F/N) then 3-way engrams (each to F/N).

This supersedes and cancels any previously issued method of handling these. (Prepchecking was erroneously listed for this.)
