STARTING DIANETICS ON PCS WHO
HAVE HAD SCIENTOLOGY AUDITING

Ron has found that

ONE CAN MAKE A CONSIDERABLE ERROR BY NOT STARTING A PC
OUT ON DIANETICS WITH A C/S 1 ON THE BASIS THAT THE PC HAS
ALREADY HAD LOTS OF SCIENTOLOGY AUDITING.

That a PC has had lots of Scientology auditing is no
guarantee that the PC understands such things as erasure or
what a Dianetic session or even what auditing is all about.

The C/S 1 must be well done. If not you will have a PC
not running well because he didn't know the terms or what
was expected in session.

A C/S 1 can be done again if the pc doesn't do well on
Dianetic C/S 2.
