HCO BULLETIN OF 26 JANUARY, 1970

RE: DIANETICS C/S NO. I

HCO B, 9 MAY 1969 ISSUE II

As the Dianetic C/S I is for new, unaudited pcs or for old ones who try to be psychoanalytic cases or who don't catch on, then the standard Dianetic C/S I is changed to the one below, as it actually covers the sequence, fully, of an actual auditing situation.

SEA ORGANIZATION

STANDARD DIANETICS C/S NO. I

<u>Preclear</u>	<u>Date</u>
1. Explain what a meter does ("Registers interest and charge")	
2. Explain what is an F/N.	
3. Define mental image pictures, locks, secondaries, engrams so he understands them.	
4. Define chains.	
5. Define solid.	
6. Define erasure.	
7. Go through HCO B 11 December 1969 "Dianetics Illustrations" with the pc so he understands it.	
8. Work with TRs on the pc until he has a good idea of auditing. (You may have to do 2 hours of confront in TR O).	
9. Return folder to me.	

Case Supervisor

This new Standard Dianetics C/S No. I is designed to produce, when C/S No. 2 is done, standard and stable results. It has been tested at Flag and it works invariably, 100% of course!
