Class VIIIs
Class VIII
 Checksheet

STANDARD TECH AND INVALIDATION

Invalidation is a serious button.

When a Class VIII goes home, he is, of course, a better auditor.

He can and will crash all stats in the area if he charges around invalidating all auditors not so fortunate as to be an VIII.

Standard Tech

Clarifying what Standard Tech is:

An Auditor correctly auditing the materials of his class is performing Standard Tech.

Standard Tech is not a process or a series of processes. It is following the rules of processing.

For example, one runs a process to its end phenomena. One lists by L & N laws. One sees that a question reads before auditing it. One audits with TRs in. One follows the Auditor's Code. One repairs any ARC Break or gets it repaired. One doesn't kid around and coffee shop with processes. One gets trained for the grade he is auditing. One uses study tech. One checks out HCO Bs correctly. That sort of thing is Standard Tech.

Any process ever taught on the SHSBC or ever released in ANY book can be audited and be Standard Tech.

Standard Tech cancelled no certs or classes or processes.

If you check a process question to see if it reads and run it to its F/N and other end phenomena following the rules of auditing, that's Standard Tech.

Basically, Standard Tech was a way of auditing - following the rules of auditing as listed above.

There are ways to C/S for maximum case gain but these vary and advance.

Remember, stats of an area can be crashed if an VIII begins to invalidate every auditor junior to him or the C/Sing.

The stats of an area can be made to soar by an VIII who helpfully guides others into respecting the basic rules of auditing.

When an VIII returns to an area these things should happen:

1. Enthusiasm of auditors for auditing pcs should increase.

2. Volume of auditing hours delivered should soar.

3.   New people should be clamoring to become auditors.

4.   Training speed per student should quicken.

5.   Respect for correct auditing as noted above should
     increase.

6.   People not getting results should be guided into
     correct application for their grade.

7.   Auditing results should increase per session.

8.   Auditing and training should boom in popularity.

Now review what you know of auditing as an HDG and VIII
and you will find you have been taught how to do all the
above.

In studying VIII keep your eye on how to get the above
eight things going in your area with what you now know. You
won't be able to make VIIIs out of HDCs or Class IVs or VIs
but you sure can make terrific HDCs, IVs and VIs out of them.

That's why you're an VIII.
