C/S Series 32RA-1

USE OF QUAD DIANETICS

With the introduction of Quadruple Dianetics it is mandatory important urgent that one does not audit four flow items until one has brought all earlier Dianetic items into four flows.

TRIPLE

This also applies to Triple Dianetics. On a case where only Flow One (Single) has been run, you don't suddenly run a Triple (F1, F2, F3) such as on the LX Class VIII Lists until one has run the earliest Dn item ever run (or that can be found) on Dn Triple and then on forward on Triple up to the LX.

QUAD

However, one would now not bother to run only Triples forward. He would locate the earliest Single or Triple (if no Single Flow) item and run it Quadruple by now running the missing flows. In the case of a pc run Triple, Flow 0 is checked for read before running it.

INT RD

In doing an INTERIORIZATION RUNDOWN one mustn't suddenly introduce the 4th flow (F Zero).

If the case has only had Triples in Dianetics one mustn't suddenly introduce a Flow One on INT. The case should be done on Triple Flow INT.

THEN all earlier Dn items in sequence run are:

- (a) Listed from W/S or Folder Summaries.
- (b) Brought up to current by running in all the missing flows of Quad.
- (c) The INT RD fourth flow is audited in when one gets to it IF IT READS.

REASON

By auditing additional flows while earlier items remain Single or Triple, restimulates the missing flows and stacks them up as mass. They can make a pc uncomfortable until run.

All the missing flows (that were not run) are still potential mass.

This mass restimulates like something too late on the chain when a flow not run on earlier items is run on later items.

Auditing itself is a sort of time track. The earliest session blows the later sessions.

### FULL FLOW TABLE

Before running Quad Dianetics one makes a table of earlier items run. Like this:

### FULL FLOW TABLE

<u>Date</u>	<u>Item</u>	<u>Flow</u> <u>Previously Run</u>	<u>Must Run</u>
2. 3.62	Guf Shoulder	F1	F2, 3, 0
3. 3.67	Gow in Foot	F1	F2, 3, 0
30. 4.67	Chow in Chump	F1	F2, 3, 0
29. 9.68	LX Anger	F1, 2, 3	F0
	LX Peeved	F1, 2, 3	F0
4.10.69	Feeling Numb	F1, 2, 3	F0
5. 9.70	Int RD	F1, 2, 3	F0
9.10.70	Feeling of Goof	F1, 2, 3	F0
10.10.71	Dn Assist on Head	F1	F2, 3, 0

### FLOWS

F1 is FLOW ONE, something happening to self.

F2 is FLOW TWO, doing something to another.

F3 is FLOW THREE, others doing things to others.

F0 is FLOW ZERO, self doing something to self.

### R3R COMMANDS

Standard R3R Commands are used on Quad Dianetics.

They are the subject of another HCOB.

The Zero Command however is very easy being "Locate an incident of (loss or emotion) (pain and unconsciousness) when you caused yourself to have a(an) (item)" with the other commands of R3R as usual.

### NARRATIVE

The question will come up, do we Triple or Quad Narrative items or Multiple somatic items.

The test is, did the flows already run F/N when they were originally run. If they did, include them. If they didn't run exclude them.

This does not mean you omit everything that didn't run.

### REPAIR

While auditing this FULL FLOW DIANETICS you will find various chains that did not F/N when originally run.

These are included and should be concluded to F/N. This means one has to find out if they by-passed the F/N, went too early, jumped the chain, etc. Usually an L3RD assessed on that faulty action will give the answer. It is easy to make these old flubbed chains F/N unless you work at it too hard. Usually the reason they didn't is visible on the old worksheet. The auditor forgot to ask for Earlier Beginning or by-passed the F/N or jumped the chain or tried to run it twice forgetting he'd run it before. Corny errors.

### RESULT

The result of doing a FULL FLOW DIANETIC ACTION on a case is quite spectacular. The shadowy remains of somatics blow, mass blows and the pc comes up shining.

### OFFERING FFD

Offering the public Full Flow Dianetics must include the cost of C/S work since it is sometimes lengthy. It is best to sell the action at a flat price that's more than adequate to cover the auditing as well as the hours of FESing and FF table making as the time can be quite long.

The auditing can be remarkably brief. The greatest amount of time is usually spent on the C/Sing and table making.

When offering the package it should be called Quadruple Dianetics - 4 times more powerful than previous auditing.

A C/S must liaise with the Dissem Sec and Treasury Sec on selling it or he'll find the org is losing money doing the C/Sing and tables.

A nice big fat flat price, not by hours, is best.

### OT WARNING

When doing Quadruple Dianetics on Clears and OTs (and a very few others) it may be found that many chains are now missing or are just copies of the original. Don't be disturbed. Pc says they're gone now they're gone. Just F/N the fact and carry on with the next flow or item.
