HCO BULLETIN OF 24 JUNE 1971

Remimeo  
All Students  
Tech/Qual  
Course Supervisors  
Course Supervisor  
Checksheets  
Cramming Officers  
Word Clearers

(Reissued 28 December 1988. Only changes are correction of typographical errors and punctuation, updating of a reference mentioned in the text and addition of an R-factor beneath the title of the issue. Changes in script.)

Word Clearing Series 2

WORD CLEARING

*(This bulletin was taken verbatim from an Orders of the Day notice written by LRH aboard the Apollo in June 1971 concerning Word Clearing Methods 1, 2 and 3.)*

If anyone has "word cleared" you without these steps it is incorrect.

1. By meter in session: A full assessment of many, many subjects is done. The auditor then takes each reading subject and clears the chain back to earlier words and/or words in earlier subjects until he gets an F/N VGIs.
2. By meter in classroom: The earlier passage is read by the student while on a meter and the misunderstood word is found. Then it is fully defined by dictionary. The word is then used several times in sentences of the student's own verbal composing. The misunderstood area is then reread until understood.
3. Verbal in classroom: The student says he does not understand something. The Supervisor has him look earlier in the text for a misunderstood word, gets the student to look it up, use it verbally several times in sentences of his own composition, then read the text that contained it. Then come forward in the text to the area of the subject he did not understand.

If any other word clearing is going on it is OUT tech.

There is a C/S on HCOB 30 June 71RB, *Word Clearing Series 8RC, STANDARD C/S FOR WORD CLEARING IN SESSION METHOD I*, to be followed exactly on word clearing in a session. Do not follow any other version or excerpt. There is NO other way to do it.

If you are not auditing this way or using Word Clearing this way or if words are not being cleared this way, report it to Ethics.

Once development and issue has occurred the next step is to get it understood and applied EXACTLY.

Then in both Tech and Admin we have successes.
