Remimeo HCO BULLETIN OF 5 JULY 1971

C/S Series 49

ASSISTS

There are three types of assists.

They are

1. Contact Assist
2. Touch Assist
3. Dianetic Assist.

They are quite different from each other.

They are VERY effective when properly done.

A severe injury or illness case can be run on all three and SHOULD BE.

If the handling is very soon after injury, burns do not blister, breaks heal in days, bruises vanish.

But to obtain such results it is necessary that the C/S and auditor or auditor alone know and RESPECT the assist tech. It is too often a toss off, only one kind being done and then not to EP.

Every assist must end with an F/N (at Examiner or checked on a meter).

CONTACT ASSIST

Done off meter at the physical Mest Universe location of the injury. EP - Pain Gone. Cog. F/N.

See HCO B 9 Oct 67 Assists for Injuries.

DIANETIC ASSIST

Done in session on the meter. EP pain gone. Cog. F/N.

See HCO B

- 12 Mar 69 Physically Ill PCs and Pre OTs
- 24 Apr 69 Dianetics Use
- 14 May 69 Sickness
- 20 May 69 Dianetics (Dn Auditing Assists)

 22 July 70 Touch Assist - An Improvement on Spinal  
 Adjustment  
 23 Aug 70 The Body Communication Process  
 15 Mar 71 Assists - A Flag Expertise Subject

#### UNCONSCIOUS PC

An unconscious pc can be audited off a meter by taking his hand and having him touch nearby things like pillow, floor etc. or body without hurting an injured part.

A person in a coma for months can be brought around by doing this daily.

One tells them a hand signal like "Press my hand twice for 'Yes!', once for 'No'" and can get through to them, asking questions and getting "Yes" and "No" hand responses. They usually respond with this, if faintly, even while unconscious.

When one has the person conscious again one can do the assists.

---

FIRST AID RULES APPLY TO INJURED PERSONS.

IN MAKING THEM TOUCH SOMETHING THAT WAS MOVING, STOP IT FIRST.

IN MAKING THEM TOUCH THINGS THAT WERE HOT, COOL THEM FIRST.

WHEN POSSIBLE MAKE THEM HOLD THE THINGS THEY WERE HOLDING, IF ANY, WHILE DOING A CONTACT A TOUCH ASSIST.

IF AFTER A TOUCH OR CONTACT ASSIST THEY DON'T F/N WHEN  
TAKEN TO OR GIVEN AN EXAM, CHECK FOR O/R AND IF NO F/N TAKE  
THEM AWAY AND COMPLETE THE ASSIST.

DIANETIC ASSISTS CAN BE RUN TRIPLE OR QUAD.

---

This is important tech. It saves pain and lives. Know  
it and use it.
