Cases PRIOR Assessing
HCOB 12 Aug 69 (HCOB 10 Dec 68
Updated) Confidential Case Super-
visor Actions (Page 24 Resistive
Case 200D.)

(In this revision, Quad (4) flow has been changed
to Triple Flow. There is no other change.)

A person who has been on Drugs is one of the "Seven
types of resistive cases." (These types are found on the
Scientology Green Form No. 40.)

In other words, someone who has been on drugs does not
make good case gain until the drugs are handled. The same
somatics will come back again. The case roller-coasters -
goes up and down.

Drugs since 1962 have been in very widespread use. Before
then they were rare. A world wide spread of drugs occurred.
A large percentage of people became and are drug takers.

By drugs (to mention a few) are meant - tranquilizers,
opium, cocaine, marijuana, peyote, amphetamine and the
psychiatrists gift to Man, LSD which is the worst. Any
medical drugs are included. Drugs are drugs. There are
thousands of trade names and slang terms for these drugs.

ALCOHOL is included as a drug and receives the same
treatment in auditing.

They are supposed to do wonderful things but all they
really do is ruin the person.

Even some one off drugs for years still has "blank
periods". The abilities to concentrate or to balance are
injured.

The moral part of it has nothing to do with auditing.
The facts are that:

(a) People who have been on drugs can be a liability until the condition is handled in auditing.

(b) A former drug user is a resistive case that does not make stable gains until the condition is handled.

(c) Auditing is the only successful means ever developed for handling drug damage.

THOSE ON DRUGS

On persons who are currently on drugs, it is necessary to take them through a special TR Course while they are still on them. They gradually come off of them voluntarily in most cases without painful "withdrawal symptoms" (which is the term for the agony and convulsions caused, particularly in the case of heroin takers, by just stopping the drug. Alcoholics are of course included.)

DRUG ENGRAMS

People who have been on drugs are sometimes afraid of running engrams.

In fact, it is almost a way to detect a "druggie".

The drugs, particularly LSD and even sometimes anti-biotics or other medicines to which the person has an allergy can turn on whole track pictures violently.

These tend to overwhelm the person and make him feel crazy. Some of these people are afraid to confront the bank again.

The TR and other steps of the special TR Course improve their confront.

If a person "doesn't like Dianetics" and doesn't want to be run on engrams, it is necessary to put them on the special course. If Dianetics has been run but poorly, it should of course be repaired fully with an L3B (List used to correct Dianetic errors.) But if the person still flinches, the Special Course successfully completed will handle. It contains recall steps giving the pc a chance to confront the bank more easily and get used to it.

FULL AUDITING RUNDOWN

A full auditing rundown on drugs, all done on the same pc, would be:

1. Special TR Course for ex drug users or alcoholics.
2. Pc Assessment Form.

3. Class VIII Drug Rundown Triple (done by a Class IV or VI).
4. By a Dianetic Auditor: Pains, emotions, sensations attitudes connected with drugs (or alcohol), R3R Triple.
5. Prior Assessment to Drugs, Triple R3R, Dianetic Aud

This can be followed by routine Triple Dianetics to EP of the grade.

DONE FIRST

Drugs are done first. They are NOT done after the Health form and regular Dianetics.

Why? Because Drugs make a resistive case! Regular Dianetics will get loses.

Any current Dianetic case failures are from flabby Dianetic auditing or the person has been on Drugs or alcohol which were not handled by Dianetics.

It hasn't harmed anyone to omit drugs. But it made it hard or impossible to get stable case gain.

THUS ANY DIANETIC PC WHO HAS HAD DRUG HANDLING OMITTED MUST BE RUN ON DRUGS AS SOON AS POSSIBLE BEFORE MORE AUDITING IS GIVEN.

I repeat, drugs or alcohol in most instances make a resistive case so the point must be handled before the case will attain and hold case gain.

ANY PC WHO IS NOT MAKING IT IN AUDITING SHOULD BE CHECKED FOR A DRUG OR ALCOHOL HISTORY.

DISCOVERY

In investigating a series of cases who were not making it, I found in each one that the person had been on drugs or alcohol and that drugs or the alcohol had not been run out.

Drug data was not covered fully enough in the Dianetics pack. Only Prior Assessment to Drugs was given.

Thus I find several Dianetic pcs were only run on the Prior Assessment to Drugs. This is not good enough.

DIANETICS ONLY

Where Dianetic Auditing only is available and the rest of the rundown given above is not, drugs can still be handled by a Dianetic Auditor in this way with this Dianetic Pgm.

1. PC Assessment Form.
2. Full C/S 1, also doing the TRs well with the pc.
3. Write down the drugs from the pc assessment form. Take the one that reads best on the meter.
4. List, what pains, emotions, sensations or attitudes are connected with taking (the drug).
5. Take the best reading Dianetic item from the list in (4). Run R3R Triple.
6. Complete items on the (4) above with R5R Triple.
7. Take another drug from (3) above that reads.
8. Repeat (4).
9. Repeat (5).
10. Use up the whole list in (4) above in this way until the entire list of drugs F/Ns when called.
11. Do Prior Assessment to Drugs (or alcohol). R3R Triple.
12. Triple R3R on any missing flows of earlier Dn items run.
13. Do Health form.
14. Proceed with routine Triple Dianetics.

This program is the one that would be done at step 4 in the full Drug Pgm above that includes the TR Course and Class VIII Rundown.

However, when only Dianetic Auditors are available, at least the above Dianetic Program must be done.

This repairs an omission in the Dianetic pack and unblocks the case gain of a great many pcs on whom a drug or alcohol history was never noticed or handled.
