TR COURSE BREAKTHROUGH SUCCESSES

(Reference HCOB 16 August 1971  
Breakthrough TR Course)

With the advent on Flag of the TR Course Breakthrough (Time Requirements on TRs Cancelled; A TR done to a Major Stable Win) and the tech applied exactly, students began to fly.

Their gains were validated, and as shown by the following success stories, the gains were not slight:

I don't think somebody who has not done TRs the Hard Way has experienced such a certainty in handling life. You just get into a Pan-determined way of achieving things.

Today I had an incredible experience. I faced a situation that without TRs would've cracked me down to the bottom.

I was so amazed half an hour later of what I had done. I didn't react to it.

If one keeps one's own TRs in in life, nothing can stop you.

What a test of TR 0 -- doing it on deck on a rolling ship.

And there it was -- no strain or duress or "trying" -- just simply being there and perceiving -- just like LRH said -- in all its simplicity. Thank you to the TR Supervisors for persisting with me through the complexities to the final simplicity.

On the Tone Scale TR 0 is above Action, a region where there is no need to have, no call to do, just being there being aware comfortably. A very pleasant feeling.

Gilbert Black

Tonight I did OT TR 0, TR 0 Confronting and TR 0 Bull-baiting to a win. The win was this: before dinner this evening I had the TR Blues; I went into apathy and felt I couldn't do it. Well, just before class I decided that I

could do it and this decision to do it, and the actual doing of it, and the good coaching on course enabled me to appreciate the value of TRs, which to me is Simply Being There.

The wins I've had on this course are more than phenomenal. (I've had many phenomenal wins.) My willingness to confront and handle life has soared. As I went up the superb gradient of confronting and handling bigger and bigger steps, life simplified for me, and the responsibility level I now have seems many times higher than I had before. Thank you Ron, and all on Flag and my supervisors.

Denis Wridgeway

They are even better than I anticipated. I can get things done now with intention. I can even stop unwanted actions with pure intention.

To those people who haven't yet done the TR's, do so and fast. You don't know the wins you're missing out on having, if you haven't started yet.

Thanks to all who got me through. Love you all. Thank you Ron too! A very big thank you!

Joan Tendys

Does the world begin with TR-0? You bet it does! What can I say when I feel fantastically great. When you increase your ability to confront, well, you confront.

Just one marvelous example: I can't wear my glasses now because they are too strong. Isn't that too bad!! Ha. I highly recommend TR's the hard way and of course that is the only way.

Jim Moyers

I gained much more self-confidence. I got rid of a "compulsive - THINK" mechanism I'd had for years. I felt a noticeable amount of each change.

TR's are the basics to life! I don't know how I ever got on without them. I feel now, after winning on bull-baiting, that I finally can be what I want to be. I've become cause over my future. I'm totally willing to take responsibility over my actions. I have confronted huge areas of not-ness in my life and won over them. I feel so GOOD that I can't think of anything to describe it. This has been a win I always wanted to get through auditing and now I have achieved it just through CONFRONTING. For all those who

plan to SURVIVE, TR's are requisite.
