

HUBBARD COMMUNICATIONS OFFICE
Saint Hill Manor, East Grinstead, Sussex

Remimeo HCO BULLETIN OF 8 SEPTEMBER 1971

BIRTH CONTROL PILLS

It has been thought that Birth Control Pills brought on dizziness and side effects and got in the road of auditing.

It has now been observed that where these effects occurred and the woman

- A. Changed Brands
- B. Changed Strength or amount or
- C. Both A and B

the condition vanished.

This information is given by the Medical Officer.

Therefore

1. There is no regulation or rule which states that a woman may not take Birth Control Pills and
2. There is apparently no side effects effecting auditing and
3. Where side effects do exist one should consult a doctor so that brand or amount or both can be changed.

Nothing in this HCO B recommends or prevents or prescribes Birth Control Pills and the information is simply passed on from medical authority.
