Cramming Series 5

TRS IN CRAMMING

There is no restriction whatsoever on doing TRs in Cramming.

Each time an Auditor or Interne goes to Cramming, his TRs are reviewed and corrected.

Doing TRs in Cramming does not consist of a rote "Do some more TRs." The Cramming Officer closely observes the TRs for imperfections and eradicates them.

Doing TRs on each Cramming cycle must never be neglected as it is a primary cause for non F/N VGIs at Examiner.

Part of correcting TRs can also consist of reviewing the relevant HCO Bulletins from the Basic Auditing Series on the auditing comm cycle and clearing any misunderstands by word clearing.

The whole idea in perfecting TRs is to eradicate additives, alter-ises and misunderstands.
