O-IV EXPANDED GRADE PROCESSES - TRIPLES

PART D

GRADE 2 PROCESSES

This HCO B gives a checklist of the Expanded Triple Grade Process Commands. It is not all the possible processes for this level. If more are needed to attain full EP for the level additional processes can be found in LRH Bulletin, Books, Tapes PABs, and other issues.

Each process is run to its full end phenomena of F/N Cog VGIs. Any previously run are rehabbed or completed and any missing flows run.

A copy of this HCO B is placed in the folder of a pc being run on Expanded Grades and the processes checked off with the date each is run to EP.

On any of these processes where the pc answers only "yes" or that he did it, find out what it was by asking "What was it?" This keeps in the itsa line from pc to auditor. (Reference HCO B 30 June 62).

NOTE: The auditor must make sure that the preclear is absolutely certain he is comfortable in viewing such objects. The process fails when the auditor is incapable of pressing the preclear until this certainty is attained.

20. KNOW TO MYSTERY STRAIGHTWIRE

(Ref: HCO B 17 Apr '59, Know to Mystery Straightwire for extreme cases.  
HCO B 25 Sep 71, Rev 15 Nov 71, Tone Scale in Full.)

Use the Know to Mystery scale as given on HCO B - Tone Scale in full:

KNOW  
NOT KNOW

KNOW ABOUT  
 LOOK  
 PLUS EMOTION  
 MINUS EMOTION  
 EFFORT  
 THINK  
 SYMBOLS  
 EAT  
 SEX  
 MYSTERY  
 WAIT  
 UNCONSCIOUS  
 UNKNOWABLE

Get a list of "what terminals could represent unknowable?"  
 This is not listing and nulling.

Run each reading terminal in order of descending reads as  
 as follows:

F-1 "Recall something \_\_\_\_\_ has done to you."  
 "Recall something \_\_\_\_\_ has withheld from you."  
 Alternately to F/N COG VGIs \_\_\_\_\_

F-2 "Recall something you have done to \_\_\_\_\_."

F-3 "Recall something \_\_\_\_\_ has done to others."  
 "Recall something \_\_\_\_\_ has withheld from  
 others."  
 Alternately to F/N COG VGIs \_\_\_\_\_

Then do the same as above on each line of the scale  
 moving upwards.

21. REGIMEN 6 O/W

(Ref: HCO B 6 Oct 60, Thirty-six new Presessions)

Make a list of 6th dynamic terminals (not listing and
