PTS RD CORRECTION LIST

(Ref: HCOB 17 Apr 72R, Rev. 20 Dec 83,  
C/S Series 76R, C/SING A PTS RUNDOWN)

This Correction List is assessed and handled *if*, after a  
PTS Rundown has been done on the pc, any new signs of illness  
or roller-coaster occur.

It also serves as a checklist of expected actions with the  
PTS Rundown.

The handlings are given below the assessing statements in  
each instance.

The list is always done Method 5. (All items assessed,  
then handled.)

The assessment may be done without a prefix or, as C/Sed  
for, using the prefix: "On the PTS Rundown, \_\_\_\_\_?"

(Note: On cases who have had several repairs on the PTS  
Rundown and yet continued to roller-coaster, the C/S may order  
the assessment taken to an F/Ning list.)

(See 7 above.) \_\_\_\_\_
9. You handled the whole situation completely?
