26.1: PTS RD CORRECTION LIST

**PTS RD CORRECTION LIST**

*Ref:*  
HCOB 17 Apr. 72R  
Rev. 20.12.83  
C/S Series 76R  
C/Sing A PTS RUNDOWN

This correction list is assessed and handled if, after a PTS Rundown has been done on the pc, any new signs of illness or roller coaster occur.

It also serves as a checklist of expected actions with the PTS Rundown.

The handlings are given below the assessing statements in each instance.

The list is always done Method 5 (all items assessed, then handled).

The assessment may be done without a prefix or, as C/Sed for, using the prefix "On the PTS Rundown, \_\_\_\_\_?"

(Note: On cases who have had several repairs on the PTS Rundown and yet continued to roller-coaster, the C/S may order the assessment taken to an F/Ning list.)
