            Any subsequent issues.

The whole point of a PTS Rundown is to make a person not PTS any longer.

The point is not to just run some processes. It is to have a person all right now.

To really understand this rundown, one would have to know what PTS is in the first place and why one was doing the rundown.

This would apply to the auditor as well as the C/S.

PTS means POTENTIAL TROUBLE SOURCE. It means someone connected to a person or group opposed to Scientology.

It is a TECHNICAL thing.

It results in illness and rollercoaster and IS the CAUSE of Illness and rollercoaster.

When you do a PTS RD on a pc CORRECTLY he or she should no longer be ill or roller coaster.

BUT THIS INCLUDES THE PERSON HANDLING HIS PTS CONDITION IN THE REAL UNIVERSE NOT IN JUST HIS BANK.

An auditor and C/S must see that the person is

(a) Handled properly in HCO or by the D of P if HCO isn't there so that the person handles the PTS Connection itself. (See HCO P/L 5 April 72, PTS TYPE A HANDLING.)

(b) Do the RD correctly (see reference HCO Bs above.)

(c) D of P Interview the person AFTER the RD is "complete" to be sure the person is now all right (not PTS).

(d) Watch the person's folder for any new signs of illness and roller coaster and if these occur find out what was missed by assessing PTS RD CORRECTION LIST. (See HCO B 16 April 72)

(e) Handling the PTS RD CORR LIST.

(f) Re-interviewing to be sure the person is all right
     now.

DATA

Anyone handling or auditing or C/Sing PTS cases should
have done the PACK "PTS, SP TECH" Pack 1 & Pack 2 which are
based on HCO P/L 31 May 71 which is the CHECKSHEET for
available tech and policy on this subject.

To this checksheet (HCO P/L 31 May 71) must be added
these issues:

```
HCO B  9 Dec 71   PTS Rundown
HCO B 20 Jan 72   PTS Rundown Addition
HCO B 13 Feb 72   PTS RD Additional
    Issue II          LRH Data
HCO PL 5 Apr 72   PTS Type A HANDLING
HCO B 16 Apr 72   PTS CORRECTION LIST
HCO B 17 Apr 72   C/S Series 76
                  C/Sing a PTS RD (this HCO B)
```
Any subsequent issues.

PTS SITUATIONS

The hardest thing to get across about a PTS situation
is that it IS the reason for continued illness and roller-
coaster (loss of gains).

The condition does exist. It is in fact common.

We do have the auditing tech to handle now.

The material has to be applied correctly just like any
other material.

The reason we do the rundown is not to do some sessions
or sell some auditing or just explain why the person is like
that. We do the rundown so the person will no longer be PTS.

The (EP) End Phenomenon of the PTS RD is attained when
the person is well and stable.

As a C/S you MUST put a YELLOW TAB marked PTS on a PTS
PC Folder that stays on until the person is NO LONGER PTS.

If you do NOT do this there will be about 25% of your
pcs or more that YOU WILL BE IN CONTINUAL TROUBLE WITH!
Because you will be C/Sing auditing for a person who is
PTS, will be ill, will roller coaster because the person
has NOT been handled to EP on being PTS.

These people, by the way, will tell you "Oh, I'm not
PTS." "But your father is suing the org." "Oh yes, I know,
but it doesn't bother me. Besides my illness is from some-
thing I ate last year. And I rollercoaster because I don't
like the Examiner. But I'm not PTS." The mystery is solved

when you find they haven't a clue what the letters mean or
what the condition is to give them a copy of HCO P/L 5 Apr
72 and let them read it. If they still want to know more
give them HCO P/L 23 Dec 65. (Remembering it has to be
Word Cleared Method 4 or he won't have a clue even if he
reads it.)

We are on no campaign to rid the world of suppressives
when we are handling a PTS pc. But facts are facts and
tech is tech.

In handling a PTS person as a C/S you are on a border-
line of policy violation unless you make the person do what
it says in HCO P/L 5 April 72 first. That handles the
situation itself. Then you can handle the person with
the PTS Rundown.

It is a great rundown. Like any other it has a
standard way of going about it.
