The whole point of a PTS Rundown is to make a person not PTS any longer.

The point is not to just run some processes. It is to have a person all right now.

To really understand this rundown, one would have to know what PTS is in the first place and why one was doing the rundown.

This would apply to the auditor as well as the C/S.

PTS means POTENTIAL TROUBLE SOURCE. It means someone connected to a person or group opposed to Scientology.

It is a TECHNICAL thing.

It results in illness and rollercoaster and IS the CAUSE of Illness and rollercoaster.

When you do a PTS RD on a pc CORRECTLY he or she should no longer be ill or rollercoaster.

BUT THIS INCLUDES THE PERSON HANDLING HIS PTS CONDITION IN THE REAL UNIVERSE NOT IN JUST HIS BANK.

An auditor and C/S must see that the person is

- (a) Handled properly in HCO or by the D of P if HCO isn't there so that the person handles the PTS Connection itself. (See HCO PL 20 Oct 81R, Rev. 10.9.83, PTS TYPE A HANDLING.)
- (b) Do the RD correctly (see reference HCO Bs above.)
- (c) D of P Interview the person AFTER the RD is "complete" to be sure the person is now all right (not PTS).
- (d) Watch the person's folder for any new signs of illness and rollercoaster and if these occur find out what was missed by assessing PTS RD CORRECTION LIST. (See HCOB 16 Apr 72R, Rev. 20.12.83.)
- (e) Handling the PTS RD CORR LIST.
- (f) Re-interviewing to be sure the person is all right now.

DATA

Anyone handling or auditing or C/Sing PTS cases should have done *the current PTS/SP Course Checksheet*, which is based on HCO PL 31 May 71, *the original checksheet* for available tech and policy on the subject.

To this checksheet (HCO PL 31 May 71 and/or any subsequent revisions to it) must be added these issues:

PTS SITUATIONS

The hardest thing to get across about a PTS situation is that it IS the reason for continued illness and roller-coaster (loss of gains).

The condition does exist. It is in fact common.

We do have the auditing tech to handle now.

The material has to be applied correctly just like any other material.

The reason we do the rundown is not to do some sessions or sell some auditing or just explain why the person is like that. We do the rundown so the person will no longer be PTS.

The (EP) End Phenomenon of the PTS RD is attained when the person is well and stable.

As a C/S you MUST put a YELLOW TAB marked PTS on a PTS PC Folder that stays on until the person is NO LONGER PTS.

If you do NOT do this there will be about 25% of your pcs or more that YOU WILL BE IN CONTINUAL TROUBLE WITH! Because you will be C/Sing auditing for a person who is PTS, will be ill, will rollercoaster because the person has NOT been handled to EP on being PTS.

These people, by the way, (UNLESS they have received a standard PTS C/S-1.) will tell you, "Oh, I'm not PTS." "But your father is suing the org." "Oh yes, I know, but it doesn't bother me. Besides my illness is from something I ate last year. And I rollercoaster because I don't like the Examiner. But I'm not PTS."

The mystery is solved when you find they haven't a clue what the letters mean or what the condition is. If PTSness is to be handled, the pc must have an understanding of the basics involved, and it was for this reason the PTS C/S-1 was released in late 1978. (See HCOB 31 Dec 78, Iss III, EDUCATING THE POTENTIAL TROUBLE SOURCE, THE FIRST STEP TOWARD HANDLING: PTS C/S-1.) The PTS C/S-1 must always be done before one begins any other type of PTS handling.

In cases such as the above, the PTS C/S-1 has been skimped and non-standard or, worse, not done at all. The handling is to get it done fully and correctly. It is very important to get PTS cases educated in the fundamentals of PTS/SP tech and to ensure they have a good grasp of the data in HCO PL 20 Oct 81R, Rev. 10.9.83, PTS TYPE A HANDLING. If, after this, they still want to know more, give them HCO PL 23 Dec 65RA, Rev. 10.9.83, SUPPRESSIVE ACTS, SUPPRESSION OF SCIENTOLOGY AND SCIENTOLOGISTS. (Remembering it has to be word cleared Method 4 or they won't have a clue even if they read it.)

We are on no campaign to rid the world of suppressives when we are handling a PTS pc. But facts are facts and tech is tech.

In handling a PTS person as a C/S you are on a borderline of policy violation unless you make the person do what it says in HCO PL 20 Oct 81R first. That handles the situation itself. Then you can handle the person with the PTS Rundown.

PTS-NESS AND DISCONNECTION

Correct use of the data in HCOB 10 Sep 83, PTS-NESS AND DISCONNECTION, is a vital part of PTS handling. It is a C/S's responsibility to be fully familiar with the tech contained in that HCOB and to ensure its standard application as this, too, can have a bearing on the success of the PTS Rundown.

The PTS Rundown is a great rundown. Like any other it has a standard way of going about it.

And note: Once the person has been handled as a case on the PTS Rundown and feels fine, but the person to whom he was PTS exists in present time and is still making trouble or still capable of making trouble, the person must be given THE SUPPRESSED PERSON RUNDOWN, with its EP which is nothing short of miraculous. (Ref: HCOB 29 Dec 78R, THE SUPPRESSED PERSON RUNDOWN.) This handles the OTHER person - the person to whom the pc has been PTS.

With the wealth of technology we have on the subject, there is no reason for any case of PTSness to not be fully and terminatedly handled. And promptly so.

When a PTS Rundown is required to accomplish this, it's the job of the Case Supervisor to ensure it is standardly run and C/Sed.
