CHRONIC SOMATIC THAT HASN'T BEEN HANDLED R/D

SITUATION:

Pc originates "It has been something I felt because this auditing hasn't been getting anywhere near what I wanted handled. I'm not feeling hot today. My headache turned on and then moved off yesterday. Never done that before"

LRH Comment:

Headaches are rough to run. Usually (from 1968 Tech) they are taken apart by finding what PSEA is connected with the headache and run that.

Headache is after the fact of being hit in the head. There's a lot on this in earlier Dn. He gave it to you and you ran it Narrative. Well okay. If you recall the earlier materials however, it says headache is after the fact of an injury so it is not the beginning of the incident. Headache and this chain you ran all had E/B! (earlier beginning). So now we know that this pc:

1. R/Ses = psychosis equals Succumb.
2. A headache is usually after the engram of injury. Leaves an E/B.
3. That aches are taken apart for PSEA.
4. That the case is slightly misprogrammed and needs intentions not attitudes as the attitudes are after the fact of an evil purpose in a psycho case.

So we repair his failed chain headaches, we get the intentions in the head by L&N list OR we look up old Ev Purps run (were wrong or he wouldn't R/S still). We re-program for intentions, not attitudes for reason of the R/S = Intention very strong to die. So pc won't get well until intention handled.

Beware of a wrong list.

An R/S pc is trying to die ↓ (Ev Purp) and the auditor is trying to make him live ↑. This gives you an intention counter intention = problem. So all such pcs are problems to audit and C/S.

See C/S Series 22 "Psychosis". So change the program to include intentions as a type of attitude.

Headache is common with Out-Int. We have to know before we go.

LRH C/S

1. Assess:
 - A. This headache is because of a misrun went in chain.
 - B. This headache is after some unjury.
 - C. This headache comes from an intention.
2. We handle the best read. Use
 - A = Int/Ext Corr list.
 - B = List somatics of injury.
 - C = List intentions to BD F/N item and R3R it.
