Cramming Series 18RA

CRAMMING

"The datum that 'Qual does not take orders' solves the Admin Cramming dilemma of the staff member crammed four times on the Dev-T Pack.

"It is up to Qual to handle, fully and totally. This means, not following the exact order, but find the real Why on the person and handling it at once.

"Qual's function is correction. By policy Qual does not take orders on What to do to correct.

"Where an exec wants certain material covered, that's okay. Cover it. But find the WHY! And on a repeat order, realize it was a wrong Why and really work it over.

"Several staff have been crammed several times on the Dev-T pack. Means Qual takes orders.

"The PRODUCT of Qual Admin is a functioning producing staff member who can produce on post."
