Expanded Dianetics Series 33

SERVICE FACSIMILE THEORY

AND EXPANDED DIANETICS

As a re-study of Service Facsimiles the following theory is released as background.

Note that this is background data for Class IV but is in actual practice used on Expanded Dianetics.

This sheds some light on Evil Purposes.

And a new approach comes to light for use in Expanded Dianetics.

NONE OF THIS ALTERS CLASS IV and NONE OF IT CANCELS OR CHANGES CLASS IV OR EARLIER DATA.

AN OUTLINED NEW XDN RD

Service Facs By Dynamics and sections thereof.

How to be right on the \_\_\_\_\_ Dynamic Triple. (The exact Question needs to be worked out for various pes.)

All L&N and therefore very dicey.

The theory is that a thetan even when pressed or suppressed to the absolute limit of near extinction will still try, even when "cooperating" to some way be right.

A thetan cannot die. His only out is to try to stop something as he himself cannot stop living.

This gives rise to fixed ideas as he is trying to stop--therefore the ideas hold in time and continue.

His efforts to be right continue to stop him in a reverse flow.

This is true because he is already at near total effect. He also becomes the effect of his own fixed idea efforts to handle.

Just as a man being crushed by a house size rock will still put his hands out to fend it off, so will a thetan continue to fend off his believed oppressions by stopping them.

Insistence on rightness is a last refuge of beingness. Thus one gets some very aberrated ones.

These he uses in situations where he thinks he might be found wrong.

These are called "Service Facsimiles." "Service" because they "serve" him. "Facsimiles" because they are in mental image picture form. They explain his disabilities as well.

The facsimile part is actually a self-installed disability that "explains" how he is not responsible for being able to cope. So he is not wrong for not coping.

Part of the "package" is to be right by making wrong.

The service facsimile is therefore a picture containing an explanation of self condition and also a fixed method of making others wrong.

A real handling would have to include:

A. What disability he uses to explain how he is not responsible for not fully coping with life or given situations.

B. A fixed postulate he uses to further assert that in actual fact he is still right.

C. The computation as contained in B. to make others wrong so as to be right.

Handling therefore would include:

a. The disability R3R Triple.

b. L&N for a fixed postulate on each dynamic he uses to be right.

c. A realization he is using this to make others wrong so he can be right.

All these conditions would have to be handled to fully handle a Service Fac to full EP.
