Plain W/H isn't used in singles."

LRH

Make sure that each of these ruds get cleared very well per Scientology Dictionary before running.

The wording of these has been carefully tested and found to be the most optimum to cover the widest span,

and these rudiments must be known verbatim by all auditors.

A COMMON ERROR FOUND IN MODERN AUDITING IS AUDITING OVER
OUT RUDS!!!

The auditor goofs his first ARC Break and the goof
multiplies itself over the session ruining an entire C/S.

This can be rectified by PUTTING IN THE RUDS FOR THE
PERIOD COVERED (as for example: "In your last session did
you...etc...Rud..?"), and uses the discovery that later on
track one can put in the ruds on an earlier period.

Although Ron communicated this discovery to the Class
VIII students, it is of sufficient importance to be used
by all Scientology auditors.
