CANCELS
HCO BULLETIN OF 29 OCTOBER 1970
SAME TITLE

DEMO KITS

All students are required to have their own demonstration kit.

A demo kit is a bunch of rubber bands, batteries, fuses, corks, caps, paper clips, coins or whatever will do. These are kept in a box or container (Tobacco tins and dairy cartons are good).

A demo kit is to be used for all study. It is to be used frequently while coaching, doing checkouts, solo studying, or listening to tapes.

A demo kit adds mass, reality, and doingness to the significance.

The pieces of the kit represent the things one is demonstrating.

Thus the idea of an auditor, a PC, a meter and a procedure become real with a demo kit. They can be seen and felt.

Demo kits are for use. They will get you much better results.
