PRESSURE SOMATICS IN DIANETICS

Pressure somatics from a Health Form or a Dianetic List e.g.

Pressure on the chest
Pressure around the head

should be taken up in a Dianetic session with caution as the pc can often bog on the chain and no erasure is obtained.

C/Ses can OK pressure somatics to be run in Dianetics when the pc runs well and there is a proven Dianetic Auditor available. Otherwise treat pressure somatics with caution as pc's can have trouble locating the basic incident on the chain and getting an erasure.

Any difficulty with a pressure somatic item in Dianetics is handled with an L3RD particularly question No. 50.
