O-IV EXPANDED GRADE PROCESSES – QUADS
PART D
GRADE 2 PROCESSES

This BTB gives a checklist of the Expanded Quad Grade Process Commands. It is not all the possible processes for this level. If more are needed to attain full EP for the level additional processes can be found in LRH Bulletins, Books, Tapes, PABs and other issues.

Each process is run to its full end phenomena of F/N Cog VGIs. Any previously run are rehabed or completed and any missing flows run.

A copy of this BTB is placed in the folder of a pc being run on Expanded Grades and the processes checked off with the date each is run to EP.

On any of these processes where the pc answers only "yes" or that he did it, find out what it was by asking "What was it?" This keeps in the itsa line from pc to auditor. (Reference HCOB 30 June 62.)

This BTB does not replace the original Source materials.
