HCO POLICY LETTER OF MARCH 10, 1959

BScn/HCS COURSE TAPES

The tapes for BScn and HCS course are now as follows:

5th London ACC Tapes - 20 hrs.

21st US Supplementary - 8- $\frac{1}{2}$ hrs.
1-1 hr.

These are the best quality and are the total data given in these units.

They are being released only to Central Organizations as follows:

- 1) London
- 2) Washington
- 3) Melbourne
- 4) Johannesburg
- 5) Auckland

They must not be copied or loaned or played by others than Instructors. They are valuable. Further some of the data would hurt field cases if generally released. Therefore, on the understanding that this data will be safeguarded they are being forwarded by air as soon as costs received.

They are one for one speed copies, therefore, copy masters. They were professionally recorded. Only five sets are being made. Therefore the cost even if it includes air freight, is high. It is £200 (\$562) for a whole set everything included. This is £6.16 (\$18.45) per lecture.

To teach a BScn/HCS course these are necessary. We can crack all cases now. Let's not lose the data. On receipt of the copy masters, you are requested to make one copy yourself for actual use in your class and place the copy masters in a vault for further reference.

Your set is being made for shipment now. Please send your cheque to HCO London.
