HCO POLICY LETTER OF APRIL 23, 1959
(Reissue, From London)

H.A.S. CO-AUDIT COURSES

H.A.S. Co-Audit courses should begin at once in every central organization - London, D.C., Los Angeles, Melbourne, New York, Auckland, Johannesburg.

This course gives a comm course teaching Tr 0, 1,2,3, as per previous bulletin - three nights a week for two weeks, then an unlimited co-audit course 2 nights a week.

The lead in a P.E. Course (See old PABs)

The charge is at least \$10 per week for all.

The student is issued his HAS at end of two weeks.

The co-audit uses muzzled auditing on overt withhold straightwire, the instructor doing assessment. More data will come out on this. However, it should begin at once. Use old P.E. name lists in your area.

It is staggeringly successful.
