HCO SECURITY FORM 19
LAUDATORY WITHHOLDS.

Know to Mystery Processing Check
(A Class II Auditor's Skill)

This is a most interesting and revelatory processing check. It may be done at any time but preferably after the last two pages of the Joburg (Form 3) and Form 6 on old Scientologists and Form HCO B. Sept. 21, 1961, Children's Sec. Check on others. Doing this check at once on brand new people engages their interest and eases the way to more severe checks.

This check is run as follows:

Run 3 questions or 20 minutes of the check. Then run 10 minutes of the pc's havingness process. On any particularly hot trio of this check, go over the three again and again. It will be noted that the check is divided in sections of 3 questions each for that purpose.

Use the current HCO British E-Meter. Many withholds do not show on other meters even when their electrical responses are the same as the British meter. The mental responses are not the same.

NEVER LEAVE A QUESTION UNFLAT ON ANY PROCESSING (SECURITY) CHECK.

Nul the needle reaction before leaving any question (although an unflat question can be interrupted to run havingness.)

Run in Model Session December 26, 1961 or later with Rudiments IN. Short session a pc to keep them in when the pc is restive. Do a thorough job on the withhold question in the Rudiments even when doing a Processing (Sec) Check.

Use only instant reads. Repeat question exactly as written and see if it is nul before leaving it.

36. Have you ever prevented anyone from telling a withhold?

37. Have you ever withheld security checking?

38. Have you ever made anyone guilty of security checking?

39. Have you ever sought to prevent another from security checking?

This check may be continued using any specific knowledge, any perception, any emotion (see Tone Scale), any version of effort (force, strength), any version of thinking including doubt and suspicion, any version of symbols (including books), any version of sexual actions, any eating or consumption of anything (including money), any version of mystery including stupidity, any version of unconsciousness including sleep and chemical or physical means of producing sleep.

By running the general version first and then doing a survey of any pc's announced difficulties along the Know to Mystery Scale and then by putting down these items on the appropriate places in the check, great case gains can be made.
